From the Secretary...

It is exciting to sum up the going year as it gives us better understanding the way we plan, implement, monitor, review and redesign our programmes. We can proudly share that we are expanding our work, growing and designing programmes to match the changes that we see in the society and environment.

Let me share that Change is the only constant and the saying goes correct with social change also. Social Change is constant, continuous, unavoidable and inevitable. Social transformation is the result of positive actions to improve the environment in which communities we work they live in. we continued our journey with the marginalized to work as a catalyst to bring visible changes in their life. SUPPORT and its professionals have been a Change Maker and the communities which benefit are actors for brining change.

We have been a change maker to some 112093 lives this year with our efforts in women empowerment, watersheds, on farm, off farm and non-farm based livelihood systems, financial literacy to adolescent and women and also building capacities for these families.

We have changed the people, who were marginalized, resource crunched, under employed, mortgaged/indebted have learnt to manage their own resources, diversify their potentials, change traditional attitudes to society specially women, girls and behave better responsible as heads of families, thrifty in their dealings etc.

We have started adding new portfolios to expand our horizon of work. With resource support as one of the core activities to generate resources and also contribute to the larger world with the experience we have gained over the last 18 years of our existence.

Let me assure you all that SUPPORT will continue its strive to work for underdeveloped section of society and make sure that we comply with adapted sustainable development goals in our area of operation.

I, on behalf of SUPPORT, am thankful to the members who govern the trust, colleagues who have produced positive results and communities who have made our efforts yield results. Above all I appreciate the contribution made by our partners, sponsors and donors without whose assistance the journey could have been more difficult.

Committing SUPPORT for continued strive to make change in society.....

Sri B S Gupta

Background:

SUPPORT (Society for Upliftment of People with People's Organisation and Rural Technology) is a Non profit making trust registered under Indian Trust Act, 1882. Registered at Mandu in Ramgarh. SUPPORT is head quartered at DVC colony in Hazaribag. Founded by self motivated development professionals and led by its Secretary Mr. B. S. Gupta, SUPPORT has made its presence felt in eight districts of Jharkhand. SUPPORT is committed to communities in its operational area with focus on women empowerment through organising them in groups and preparing them for taking up challenges in day to day life by involving in livelihoods and well being related activities.

Vision:

"SUPPORT" visualizes an equitable, peaceful, just and value based society, free from discrimination of economic status, gender, caste and religion.

Mission:

The Mission of "SUPPORT" is to organize and empower the marginalized sections of the society through Self-help Initiatives and Right Based Approach enabling them to manage their own economic, social, educational affairs in an ethical and sustainable manner.

Genesis:

Formation of SUPPORT is a professional response to emotional issue of Poverty and lack of basic services to the communities in Jharkhand. It was established on 10th July 1998 as a trust at Mandu. At SUPPORT we try to put an empathetic approach to the development process and outcome which keeps us motivated to go on. We work to influence Social and Natural capital to operate in issue driven environment with amalgamation of service delivery and right based approach.

Objective(s):

- ♦ To empower the people by creating awareness among them and install in them a spirit of confidence & self-help through people's organization.
- ♦ To enable people become self-reliant, socially and economically, by maximum integration of their knowledge & skill and optimum utilization of available resources.
- ♦ Promotion of sustainable development activity through integrated approach.

Guiding Principles:

The organization follows the core principles of Equality, Justice, Peace and Fraternity. We believe in collective wisdom of people of the area which comes up with best solutions. The organization primarily works to increase the role of Panchayati raj institutions with help from community based organisations. We work with institutions by empowering their skills, capacity and orientation for meaningful contribution to the society. SUPPORT nurtures potentials and capabilities of local communities. It endeavours to link them with credit and works along with them for realizing and optimally utilizing their potential for holistic development. We are working with the deprived groups in remote and less accessible area. Our initiatives are based on the local conditions and people's need to help them overcome various challenges and build up local initiatives to promote fraternity and ethical values for a peaceful value based society.

Our Outreach

SUPPORT has been able to reach out to 112093 poor families in 5846 villages across 50 blocks in 9 districts. We have reached mainly through the natural resource management based livelihood interventions. We have started initiating the idea of collectivisation and access to organised marketing efforts led by community based.

SUPPORT has enabled individuals, groups and federations to access livelihood options with less negative impact on the local environment. Out of the total families we have reached out close to 43% are tribal families, 17% are SC families and rest are from other communities including those from the minority community.

INSTITUTION BUILDING

Promotion of Self Help Group

SHGs are the primary units of social mobilization at the grass roots. We through the different initiatives with financial assistance from our partners have created an enabling environment to come together, express their views, form their own organisation and work collectively to realise their dreams.

SHGs have been building blocks of our development programmes. We are of strong opinion that women should actively participate in development agenda and take decisions to influence the outcomes. We believe that organising in groups, equipping them with skills, providing timely and sufficient credit with marketing support has made our groups grow and contribute to the family income and national growth.

1	Total Number of SHGs promoted so far	9029
2	No. of SHGs with savings account in bank	7854
3	Total Savings Mobilized by SHGs	80267810
4	No. of SHGs Linked to Banks for Loans (have taken loan from bank at least once so far)	2825
5	Amount of loan taken by SHGs from banks so far	98484415
6	No. of SHGs Received Repeat Loan from Banks (more than once)	389
7	No. of SHGs Linked to SHPI/SHG federation for Loans (have taken loan at least once so far)	944
8	Amount of loan taken by SHGs from SHPI/SHG federation so far	47200000
9	Total number of active SHGs (as on 31st Mar 2016)	8126
10	No. of SHGs Undertaking Internal Lending (as on 31st Mar 2016)	8126

Digitization of SHGs in Ramgarh district, Jharkhand supported by NABARD

Keeping pace with the world country is also going digital. Experimenting with the rural development and taking it to the door step of the rural women, NABARD has initiated digitisation of the SHGs in two districts of the country. We are proud to share that we have been part of this movement along with our partner organisations Holy Cross and Gramin Seva sanstha.

Programme has been initiated with the objective of financial inclusion of SHG members, improvement in service delivery from banks by creating a better interface medium and linking AADHAAR as a medium to facilitate service convergence. Till date we have been able to digitise 4634 SHGs.

The objective of this program

- ♦ Integrating SHG members with the national Financial Inclusion agenda;
- ♦ Improving the quality of interface between SHG members and Banks for efficient and hassle free delivery of banking services;
- ♦ Facilitate convergence of delivery system with SHGs using Aadhaar linked identity.

Promotion of Women Self Help Group in LWE District supported by Ministry of Finance, GoI through NABARD

We continued with our past programme "Promotion of Women Self Help Group in LWE District" for supporting women in mobilizing resources from formal financial institutions for livelihoods. In the past year we, along with many other prominent NGOs, were in regular engagement in implementation of this programme. We strengthened our partnerships with around 70 NGOs in different district. This programme is supported by Ministry of Finance through NABARD, Ranchi.

We continue to contributing as anchor NGO for the districts namely Hazaribag, Bokaro & Giridih and in Ramgarh as partner organization with Holy Cross Social Service Centre. During the 2015-16 a total of 1538 SHGs have been formed.

S.N.	Indicators	Cumulative Figures	
		March 2015	March 2016

Village organization

Village organisations have been promoted as an intermediary for development programmes. Members are drawn from the different SHGs. Primary purpose is to provide services to the members in matters relating to finances and income generation activities.

We have promoted 36 VO's in the current reporting period. Three of the VO's are involved in value chain activity for chilli at the MKSP project area. Their earnings have been to the tune of 2.13 Laks Rs from this activity.

Farmers Club

Farmers club has been a tool to organise farmers around fields and farms. Coming from mostly the marginal farmer group, members are known to each other and are conversant with conditions of communities. They are also aware of the challenges coming in the way of farming communities. Hence organise them is easy around issues of cultivation.

We have promoted 32 farmers club during the last reporting period. These clubs have a cumulative strength of 487 members and worth Rs. 82.79 Lakhs based on the revenue these generate.

Water User Groups

With the objectives of managing, sharing and conserving a common water resource 18 Water Users Groups have been promoted and trained in 2015-16. WUGs play an instrumental role in planning in the command area of the structure. The best part has been there was no conflict in the group regarding maintenance and water sharing. They have also decided to rear fishes in the ponds. This has improved the productivity of the water resources in the area.

SHG Federation promotion

Federation has been formed at Churchu for showing solidarity and making future planning for the members of the SHGs. They have developed some community resource persons who are called–

- ♦ Bank sakhi- account opening, payment made through SUPPORT
- ♦ SHGsakhi- SHG formation, facilitation for facilities
- ♦ Health sakhi- Anganwadi and health issues

The federations have also played a role in the construction of the service road along the NH-33 four laning in the area. There was no provision of the service road but federations persuaded the contractor for construction of service road to avoid accidents due to over speeding vehicle sin four lane.

Producer Organization and Co-operative development

For effective market linkages and better price realization of the products Producer Organization, Co-operative formation and its nurturing was initiated during the reporting period. Lac cultivation, fishery and horticulture with agriculture are the major business theme of these Producer Organization and Co-operative. In the 2015-16 four Co-operatives namely Jharkhand Vikas Sangh Prathmik Lac Utpadak Sahkari Sammitte Ltd., Matasya Jeewi Sahyog Sammitte, Chanaro Phal Sabji Sahyog Samitte Ltd.& Wadi Phal Sabji Utpadak Sahyog Sammitte Ltd. and one producer organization have been initiated by the organization.

These have just started their operation and are going to involve in the revenue generation stream in the coming financial year.

Watershed committees

Ensuring optimum and sustainable use of water harvesting structures is one of the prime focuses in land and water development theme. To meet the objective of sustainability 11 watershed committee have been formed and nurtured in IWMP project area in Barkatha block of Hazaribag District and Chumba Nala watershed in Mandu block of Ramgarh District.

NATURAL RESOURCE MANAGEMENT AND RURAL LIVELIHOOD

Indian agriculture touches the lives of most Indians, whether it is the steadily declining share of agriculture in the total GDP or increasing divergence between the growth rates of total economy and the agriculture. Roughly half of the work force is engaged in agriculture. An average Indian still spends almost half of his total expenditure on food. Naturally then, accelerating agriculture growth and sharing it among people and across regions of the country, becomes the prime agenda of public policy.

To address this portfolio SUPPORT focuses on

- ◆ Sustainable Agriculture
- ◆ Land and Water Resource Development
- ◆ Horticulture Development

SUSTAINABLE AGRICULTURE

Under sustainable agriculture programme we are working on projects like MKSP, IWMP and NABARD supported watershed programme along with the JTDS assisted and IFAD supported agriculture development programme. We have been working with Tata Trust and CiNi on the idea of Lakhpati Kisan smart village. The projects have helped us reach out to some 35337 farmers cumulatively generating a revenue of Rs. 45000 to Rs.57000/farmer during the reporting period.

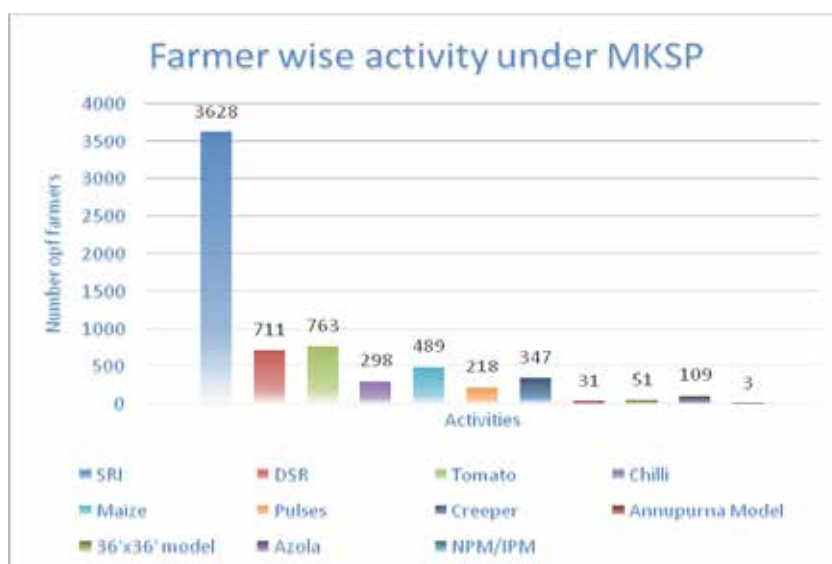

- **Mahila Kissan Shashatikaran Pariyojana supported by Jharkhand State Livelihood Promotion Society and Ministry of Rural Development, GoI**

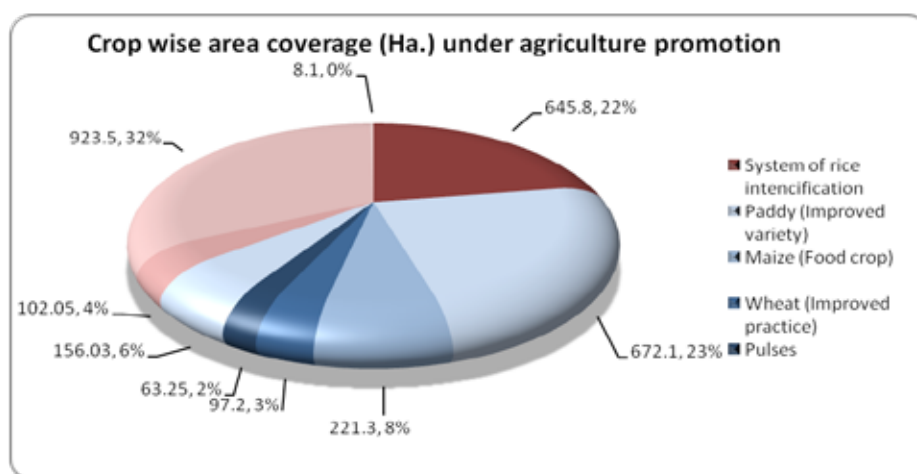

SUPPORT is implementing Mahila kisan Sashktikaran pariyojna (MKSP) at Mandu Block of Ramgarh district in Jharkhand. The project is of 3 years during which we have to reach out to 3638 poor women farmers. This will be done through organising them in the SHGs and forming secondary and tertiary level of organisations.

During the year we have worked with 3628 farmers cumulatively in SRI, 711 farmers in DSR, 763 farmers in Tomato, 298 farmers in Chilli, 489 farmers in Maize, 218 farmers in Pulses, 347 farmers in Creeper, 31 farmers adopted Annapurna Model, 51 farmers in 36 x 36 Model (food and Nutrition Model), 109 in farmers in Azola production, 3 NPM/IPM service providing facilities under Village organisation of MKSP area. In project block 3628 MahilaKissan are practicing natural farming practices.

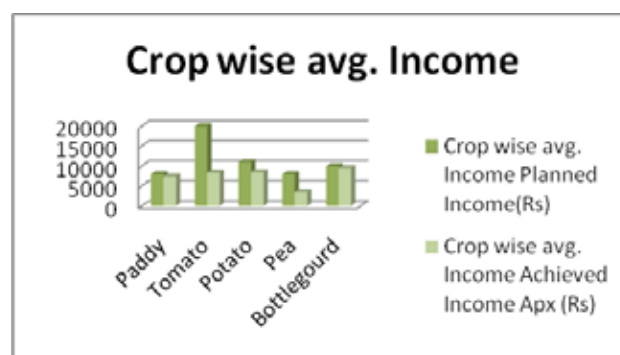

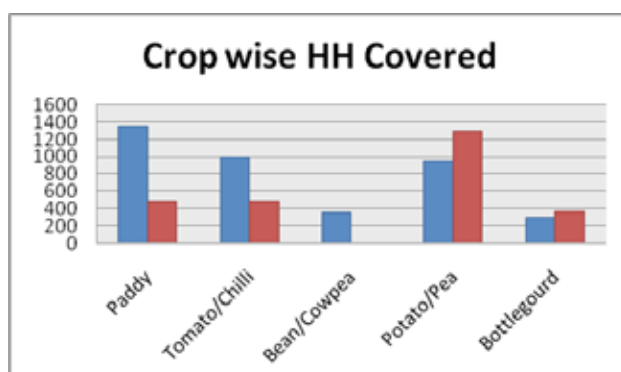

- Project Implementation plan for NRM based Rural Livelihood with Tata Trust and Collectives for Integrated Livelihood Initiatives (CInI)**

SUPPORT has partnered Tata trust supported CInI to have a five years Mission based programme '2015-2020' Lakhpatri Kissan Smart Village to bring irreversible change in the lives of 3500 HHs in 36 villages of Churchu Block of Hazaribagh District in the State. The idea is to establish proof of concept for sustainable livelihood, trained community leaders and a cadre of trained community representatives. Rich learning has been generated on what needs to be done next to amplify this impact such that large scale change can be brought about. The project is expected to increase income of farmers 3 folds over the base income of Rs.30000/farmer.

This year evidences are there that income has gone by more than twice (approximately 70000/farmer) in the field. Some farmers have surpassed this also.

- Internet Saathi for capturing global knowledge and information**

An unique initiative with joint venture of SUPPORT, TATA TRUST, CInI and Google to bring awareness in rural community on internet and its benefit through involving village cadre (women) of having a designed cycle with two smart phone and two tablet with internet facility. Total 35 designed cycle, 50 smart phone and 40 tablet with internet facility have been provided to 25 trained internet sathi in Churchu block covering 41 villages. This program will reach to 35000 population age between 6-45 years in 1st year. This has made farmers reaching to the different mandis and getting better price.

- Ensuring livelihood with IFAD through Jharkhand Tribal Development Society**

During the 2015-16 Jharkhand Tribal Development Society has sanctioned the project to SUPPORT for enhancing livelihood of poor families in Masaliya block of Dumka. Under the project 206 SHGs, 47 VSPEC and 47 VDF have been formed. The outreach of this project is 5500 poor families covering 47 villages in 5 panchayat. This project covers 205 primitive tribes and bringing behaviour change from nomadic life to settled life through water resource and agriculture based interventions.

LAND AND WATER MANAGEMENT

Watershed based rural development programmes have become the center stage of the rural development after the successful models of Ralegaonsiddhi and Sukhomajri. It was since the year 1980 that these models were appreciated and led to formulation of different guidelines by the supporting departments of the central Government. After several revision in the guidelines and learning from the 1st generation Micro-watershed programmes (DPAP/DDP/IWDP) and the 2nd generation watershed programmes under HARIYALI, current programmes has been designed under the name Integrated Watershed management programme(IWMP).

- **ChumbaNala Watershed supported by NABARD**

SUPPORT under NABARD- WDF organization is implementing watershed programme in Mandu block of Ramgarh district covering 725 Hac of land with 581 HH. Watershed Committee is responsible to take decisions for the watershed activities and its maintenance

During the year main focus was on recharging the ground water level and promotion of allied livelihood activities. During the period CCTs, Earthen Check Dam, Cement Check Dam, Drum Check Dam were created and also a pond was renovated. Land less farmers was provided T & D variety of piglets, backyard poultry birds. Trainings were organized on vermicompost and other livelihood activities.

- **Integrated Watershed Management Programme supported by State Watershed Mission, GoJ**

During the financial year 2015-16 we have continued to work on IWMP in Barkatha block of Hazaribag district covering 8000 participant HHs in 35 villages. During 2015-16 field bunding has been done in 84 Hac and PSME in 5 Hac have been done. We have promoted activities like Tailoring, Mushroom cultivation and ensuring safe drinking water under the Entry point activities.

- **MADA prototype supported by DRDA Hazaribag, Ramgarh and Chatra**

SUPPORT is implementing MADA prototype scheme in Hazaribag, Ramgarh and Chatra in Jharkhand state. During the year 234 HH have been benefited from different land and water intervention in 34 villages. Farmers are shifting from mono cropping to multi cropping practices in the project villages after ensuring irrigation facilities through construction of irrigation well, Ponds and Dobha etc.

- **Cluster Facilitation Team_MGNREGA_NRLM convergence strategy programme supported by MoRDGoI and JSLPS GoJ**

To help main line department in better planning and implementation CFT programme has been initiated under the flag ship programme of MGNREGA. During the reporting period, 2,603 SHGs participated in planning in 1,753 habitations from 1,077 revenue villages.

During the reporting period additional three Cluster Facilitation Team_MGNREGA_NRLM convergence strategy programme has been sanction to us in Koderma and Hazaribag. At present SUPPORT is implementing this project in Ramgarh, Hazaribag and Koderma. In every project locations, we help the community to access funds under MGNREGA for improvement of farmlands for Land treatment to improve soil moisture regime and rejuvenation of soil.

Team has supported in construction of approximately 1343 Dovas in the area of operation. We have also facilitated planning of ponds and other eligible activities under MGNREGA. Through our effort approximately 3323 families have got jobs under the programme and stored runoff water for irrigation and other uses.

Water & irrigation structure development supported by CInI- Tata Trust

This financial year SUPPORT have created 27 low land seepage well in the Churchu block covering 250 household from CInI-PIP project funded by TATA Trust. 27 lifting device and delivery pipe also been provided to the group of farmers after well completion.

Rain Water Harvesting with Indo-Global Social Service Society - IGSSS

The project was implemented in churchu block of Hazaribag district consisting two villages namely Chorheta and Dahwa. Roof top rain water harvesting system was developed in two schools situated in these two villages.

HORTICULTURE DEVELOPMENT

Wadi programme supported by Tribal Development Fund NABARD Ranchi

SUPPORT carried forward its efforts towards enhancing livelihood opportunities for tribal communities by implementing Tribal Development Fund (TDF) with 'wadi' as the core component. The TDF programme, in its implementation has enhanced livelihoods for tribal communities, covering traditional tribal livelihoods mixed wadis (perennials + creeper vegetables + spices), credit support for marketing activities and value chain interventions.

Development of irrigation infrastructure is priority area to address when food security is concerns. SUPPORT response to rainfed and dry land agriculture by developing watersheds and irrigation infrastructure measures. Watershed, technically is only 'catching the rain where it falls', but, SUPPORT involved people, leveraged their participation for planning, executing and managing it.

SUPPORT continues to work on integrated development of Tribal community in 5 villages covering 200 tribal families in Jaridih Block of Bokaro district.

We are also continuing to work on same project in Churchu block of Hazaribag district with coverage of 500 tribal families (500 acre). One acre of land has 40 mango and 15 guava plants. Orchard development with mango and guava plantation is the core of this project although there is basket of livelihood activities introduced under the project.

MICRO ENTERPRISE DEVELOPMENT

The major micro enterprises promoted by SUPPORT in scale are smallholder Backyard poultry and pig rearing. Another promising micro enterprise is Lac cultivation.

● Backyard poultry promotion with GALVmed, United Kingdom

In 2015-16 scale up project on Backyard poultry development have been sanctioned by GALVmed. This project focuses on eradication of ND in backyard poultry through ND vaccination (lasota) along with vaccination of fowl pox and deworming. This is done to increase income level of the farmers by saving backyard poultry, increase income of the vaccinators by making them trained vaccinator and connecting them with supply chain of vaccine and also increase nutrition consumption of the families.

In the financial year 2015-16 we have vaccinated 3, 48,583 backyard poultry birds have been vaccinated in 198 villages under the project. The project has resulted in lowering mortality by almost 45% to 60% over the base line, where there were reported mortality of 4 to 6 out of the flock size of 10 birds .

Piggery development with NABARD and CInI-Tata Trust

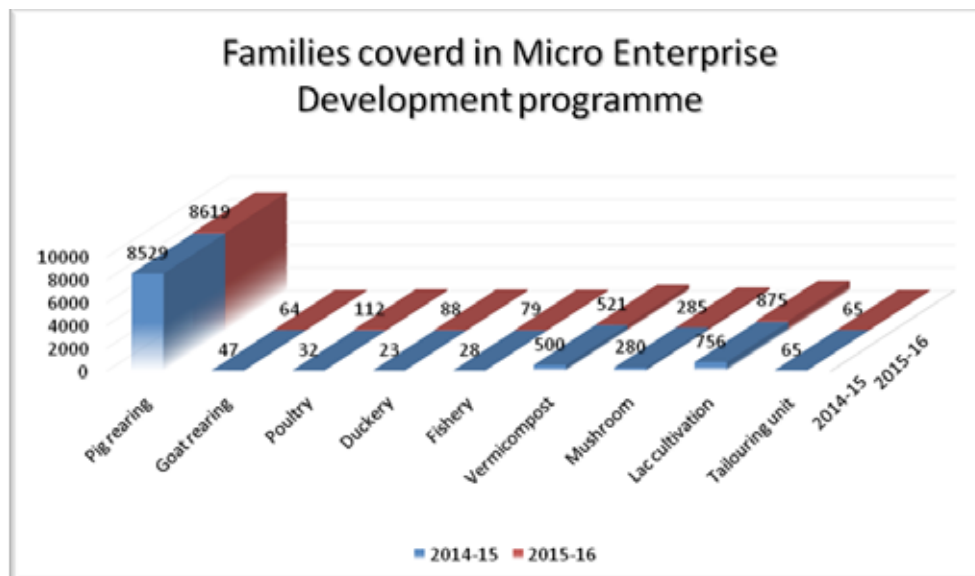

Pig rearing provides subsidiary source of livelihood to the people living below the poverty line due to lack of sufficient agricultural land to sustain, particularly in the drought- prone, hilly, tribal and other remote areas where crop production on its own may not be capable of engaging them fully.

Among the various livestock species, piggery is slowly but steadily emerging as a great source of livelihood for the tribal in the state of Jharkhand with many taking to the profession because of the handsome returns which come from its practice.

Promoting improved varieties of pigs i.e. T&D, managing hygienic shed, feed management and ensuring timely vaccination for FMD and Swine fever are the core focus under the piggery development programme. During the financial year total 198 new farmers have adopted pig rearing as an enterprise and Local Resource Person are continue to provide handholding to 486 farmers.

NTFP-Lac cultivation supported by JSLPS- MoRD and CInI-Tata Trust

In Jharkhand and also in our project area availability of Palash, Kusum and Ber trees are huge as host plant for lac cultivation. In this financial year, SUPORT have promoted 404 kusmi lac growing farmer in Churchu block under the PIP project funded by TATA Trust and technical support from IINRG. Also under MKSP project 358 farmers practicing kusumi lac and 27 farmers practicing Rangini lac in 50 villages of Mandu block.

SAFE DRINKING WATER AND HYGINE

Block Resource Centre (BRC) project is under health and sanitation programme under State water and sanitation Mission, Jharkhand Govt. it covers every village of the 6 blocks of the Ramgarh District. Its main focus is on sanitation and safe drinking water. The project has started since April 2013. Its activities are related to awareness regarding good hygienic habits. In this project a total of 17 staffs are involved 6 Block Resource person (BRC) and 11 Cluster Resource Person (CRC). Together with the help of District water and Sanitation Mission (DWSM) Ramgarh team at PHED Ramgarh has facilitated to create 355 Village Water and Sanitation Committee in every village to provide safe drinking water along with sanitary toilets for the villagers.

During the period 2015-16 more than 22,000 sanitary toilets have been made. Sample of more than 9000 drinking water have been collected from hand pump and other drinking water sources to check water quality. Four samples were found not safe and were sent to the lab from Dulmi Block of Ramgarh District. For the supply of drinking water more than 30 mini water pipe line supply (solar mini water pipe line and electricity mini water pipe line) were being made.

Rural Water Supply and Sanitation Project (RWSSP) under NNP, Govt. of Jharkhand

Rural Water Supply and Sanitation Project (RWSSP) was sanctioned in the Murhu block of Khunti District. The overall objective of the RWSSP is to improve piped water and sanitation services for selected rural communities in the target states through decentralized delivery systems and to increase the capacity to respond promptly and effectively to an Eligible Crisis or Emergency.

The key Project Development Objective (PDO) level results indicators are the following:

- ♦ Number of people with increased access to piped water
- ♦ Number of people with access to improved sanitation facilities
- ♦ Number of people using improved latrines
- ♦ Improvements in O&M cost recovery

FINANCIAL INCLUSION AND EMPOWERMENT

In financial inclusion SUPPORT works on SHG bank linkages and fulfil credit need to SHGs through formal financial institution for their livelihood

During the financial year 2015-16 2825 SHGs have been linked with bank and SHGs have availed loan of Rs. 98484415 from different banks.

Financial empowerment of Children and Women by Sesame Street "Galli Galli Sim Sim"

Money is a part of a child's everyday life. Today children begin observing the money habit of adults at a very early stage and continue to observe these habits throughout their lives. It is therefore essential that children develop a strong understanding of monetary ethics, that will further lead to wise financial decision making—thus contributing to life achievement and future growth of the society. To implement this savings habit and understanding the monetary ethics we have started joint hand.

During the reporting year 3843 SHGs have been participated in different innovative workshops. Ramgarh, Bokaro, Giridih, Hazaribag are the project implementing districts for this project. Comic strip, Videos and Sikke Ki Yatra Game are the tools developed under the project for quick learning to the children on monetary ethics.

ACTION RESEARCH AND KNOWLEDGE MANAGEMENT

MIS data collection and analysis of Digitization of SHGs,

Mahila Kissan Shashaktikaran Pariyojna and livelihood project in church block of Hazaribag district is the prime focus of action research and knowledge management this year.

Software namely E-Shakti, automation, Swalekha-MKSP, Light and NRLM-MKSP have been used for data collection and its analysis.

HUMAN RESOURCE DEVELOPMENT

The current full time professional staff strength of SUPPORT at the close of the year was 200. Our major focus is on to develop the ability of staff to work effectively with variety of situation by learning effective team work, organizational and community change and improvement.

AUDITOR'S REPORT

We have audited the attached Consolidated Income & Expenditure A/c of **SUPPORT AT+ PO.,MANDU,RAMGARH,JHARKHAND** for the year ended 31.03.2016 and Consolidated Balance Sheet as on 31.03.2016 These financial statements are the responsibility of the management. Our responsibility is to express an opinion.

We have conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evident supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Subject to above:-

- i) We have obtained all the information and explanations which is to the best of our knowledge and belief were necessary for the purpose of the audit.
- ii) In our opinion proper books of account as required by law have been kept by the above named society so far as appears from our examination of those books.
- iii) The Income & Expenditure Account dealt with by this report are in agreement with the books of accounts.
- iv) In our opinion and to the best of our information and according to explanations given to us, the said accounts gives a true and fair view in conformity with the accounting principles generally accepted in India.
 - a. In the case of the Consolidated Balance Sheet of the state of affairs of the above named society as on 31.03.2016.
 - and
 - b. In the case of the Consolidated Income & Expenditure Account, of the **SURPLUS** of the above named society for the year ended 31.03.2016.

पश्चिम बंगाल के सीमावर्ती जरीडीह के किसानों की बदल रही किस्मत

‘आम्रपाली’-‘सफेदा’ ने लगाया पलायन पर विराम

बीके पाण्डेय, बोकारो

उत्तराखण्ड, हाथियों के उत्पात व आर्थिक रूप से पिछड़े पश्चिम बंगाल के सीमावर्ती क्षेत्र के लोगों की दुनिया बदल रही है। यहाँ वन के नाम पर केवल पलायन के पीछे ही देखने को मिलते थे। बोकारो के जरीडीह प्रखंड में ग्रामीणों ने आम की आम्रपाली किस्म व इलाहाबादी सफेदा आम्रपाली किस्म लगाकर समृद्धि की ओर कदम बढ़ाया। दो वर्ष पहले शुरू हुई इस योजना का असर अब परजल पर दिखने लगा है। किसानों की हालत में सुधार हुआ है।

राष्ट्रीय कृषि ग्रामीण विकास बैंक (नबाई) के माध्यम से संचालित ‘बाड़ी’ कार्यक्रम की तुरुआत 2014 में हुई थी। अब इसका असर दिखने लगा है। किसान फलदार पेड़ के खसब सच्ची से अपनी आर्थिक हालत बदल रहे हैं। गांव में पशुपन बंद हो गया, जैसे किसान जो कि दूसरे काम के लिए बाहर जाते थे अब अपने ही खेत में मेहनत कर अच्छी कमाई कर रहे हैं। पूरी परियोजना को सपोर्ट न्यायक संस्था देकर रही है। नबाई के जनजाति विकास कार्यक्रम

- नबाई के बाड़ी कार्यक्रम ने किया युवाओं को प्रोत्साहित
- कोल्ड स्टोरेज, फूड प्रोसेसिंग यूनिट भी होगी स्थापित

हजारों में सबसे बड़ी समस्या पशुपन और खेती की है। इसे दूर करने के लिए नबाई ने पहल की है। किसान अपनी जमीन का बेहतर उपयोग करें। जल संयोजन परियोजना में सुधार हो इसके लिए कहां काम किया जा रहा है। अब तक हरियम अक्षा आया है। यदि इस क्षेत्र के युवा आगे बढ़ें तो निश्चित तौर जरीडीह राज्य का उद्वारण बनेगा।

—केएम दत्त, डीडीएम नबाई

बाड़ी के तहत जरीडीह प्रखंड की 1000 एकड़ भूमि पर 1000 आदिवासी परिवारों को

पोषण में खास

- आम (आम्रपाली, सफेदा) : दस हजार पोषे लगाने।
- आम्रपाली (इलाहाबादी सफेदा) : 18 हजार पोषे लगाने।

- इलाहाबादी लकड़ी (सीता, गंधार, सागवान, अजिन) : 20 हजार पोषे लगाने।

फलत : कुर्बी, जलजु, तरसों, वन : 100 एकड़।

सब्जी : टमाटर, बैंगन : 100 एकड़।

प्रत्येक किसान को मासिक खेती से लाभ हजार रुपये की आम्दानी हो रही है।

सबसे बड़ा धन देने वाली परियोजना में इस क्षेत्र को सच्ची व फल के माध्यम से बेहतर उत्पादन क्षेत्र के रूप में परिवर्तित करने का लक्ष्य है, ताकि आर्थिकियों की स्थिति बेहतर हो सके।

—विनीत सिंह, कमलपुर, नारायण संस्था।

आम के पेड़ को दिखाते किसान।

(फाइल फोटो)

इसके तहत जोड़ा गया है। इसके अलावा 100 भूमिगत परियोजना को सुग्री पालन, बल्ल पालन, सुकर पालन, नमी कंपोस्ट, छोटी नदरी विकसित करने का काम दिया गया है। यदि इस क्षेत्र में प्रयास सफल रहा तो

नबाई सहकारी समिति के माध्यम से कोल्ड स्टोरेज, फूड प्रोसेसिंग यूनिट भी स्थापित करेगी। इसके लिए भी कुछ युवाओं को जोड़ा जा रहा है जो कि फल व सब्जी का संयोजन करने की यूनिट लगा सके।
