Executive Summary

In this era of development in the field of science and technology, rural dynamics play a key role in promoting sustainable development. The organization collectively works for sustainable rural development which strengthens community at large and prospers to nation's economics.

SUPPORT has continuously maintained its effort in addressing the issues pertaining to holistic development. In the tune of Millennium Development Goals (MDG), SUPPORT in this particular year, as a part of moving wheel of development, subsequently the program and intervention part has executed with the support of all concerned stakeholders.

The years interventions from SUPPORT as well as with the viewpoint of development partner, significant work has been accomplished in the course of addressing Agriculture, Allied – activities, Livelihood, Capacity building, IT and Sustainability issues.

The biggest impact year's thrust is on agricultural development as well as natural resource management that generates source of income, ecological balance, maintenance of habitats, flora and fauna as well as livelihood promotion through farm activities. Even in the non-farm sector, several livelihood promotion activities through skill development have contributed in organizational growth. Considering imbibing livelihoods activities different stakeholders associated for making the communities sustain through agricultural support.

Promotion of sanitation and hygiene has a significant role and has helped the rural area to have the basic amenities to promote clean sanitary environment and access to safe and pure drinking water. Women empowerment through promotion of organic farming and technological equipments has a crucial role in the area. Woman Self Help Groups has also come forward and is now holding the active position in their respective fields through VOs and Federations.

As a whole SUPPORT in association with Government department, Corporate, foundation and bi-lateral agency has initiated remarkable efforts towards sustainable agriculture, non- agricultural livelihood, livestock development, rural entrepreneurship, sanitation and hygiene, skill development in the 9 districts of Jharkhand. During implementation phase (2017-2018) most of the projects and programmes resulted positively and showed a remarkable progress and significance in the lives of people and community as a whole.

KEY NOTE FROM THE SECRETARY

It gives me immense pleasure to state that SUPPORT in its entire tenure of working has shown a remarkable progress in the field of rural development and holistic community development. Sometimes it becomes difficult to express the heartily views in words but I feel enough fortunate to thank grass root volunteers, the farmers, women, youth, member WSHG's CRP's including all key stakeholders who worked intensively giving handholding support to attain the targeted interventions, being implemented in this financial year.

In this financial year, our team members have achieved the targets and milestones with coordinated efforts of all functionaries. As a result of cumulative effort and team spirit more than 90% target has been achieved by the team which shows a great contribution of functionaries and community together. We with both inter and intra co-operation and co-ordination aims to achieve the maximum targets which could further promote sustainability and full-fledge development.

Our development processes have leveraged and translated at the grass root level through convergence action with government and other departments who are associated in the state and country wide.

Year's intervention has emphasized to address the issues related to women empowerment, income generative activities, knowledge and resource management, survey and research, skill and livelihood with optimum utilization of natural resources, education, promotion of information technology so that community could be empowered as a real stakeholder for their self-development.

I feel very proud that SUPPORT is leading towards a meaningful development initiative in the region and acknowledge all the stakeholders for their support. More than it is expanding with coverage of thousands of people every year.

Last but not the least I, on behalf of entire SUPPORT family express gratefulness to all funding agencies both government and bi-lateral agencies for their cooperation, support and needful suggestions in achieving the desired goal and success. We always need and appreciate our togetherness.

Let's move forward and should not keep single stone unturned to preserve the sanctity, integrity and unity of Jharkhand and move together for the progress and development of entire nation.

With Best Compliments,

(B.S Gupta)

Support Background

SUPPORT (Society For Upliftment Of People With People's Organization and Rural Technology) is one of the pioneering non-profit non-governmental organization in the state of Jharkhand. The idea behind the establishment of organization is to nurture community by using the most effective and dynamic technology and skill. SUPPORT strongly believes on the democratic process of development where all strata of people, mainly poor and marginal households can contribute their imperative role in every sphere of development and utilize the local resources to improve the lives of individual and community at large.

The proverb is well known "**Rome was not built in a day**". It took more than 20 years of struggle, hardwork, labour and patience to flourish this organization to contribute the nation by way of organizing the people for their development. Now it has become a well-developed and strong tree which is providing shade to thousands of beneficiaries. Imparting smile and relief to the needy is one of the fundamental aims of this organization. It is well known for promoting women empowerment, education, rural entrepreneurship, advanced agricultural techniques, organic farming, cleanliness and hygiene, conservation of natural resources, afforestation, skill development and comprehensive rural development which could lead to the development of state and nation as a whole.

Keeping these milestones, SUPPORT is now operational in 9 districts of Jharkhand and is gaining the faith of thousands and thousands of people and funding agencies. It is moving forward keeping the aim "**Don't be the same, try to be better and accomplish the best** "

Mission of the organization

The mission of SUPPORT is to organize and empower the marginalized sections of the society through self – help initiatives and Right Based Approach which could enable them to manage their own economic, social, educational affairs in an ethical and sustainable manner.

Vision of the organization

SUPPORT visualizes an equitable, peaceful, just and value-based society, free from discrimination of economic status, gender, caste and religion.

Objectives

- To empower the people by creating awareness among them and install a spirit of confidence and self –help through people's organization.
- To enable people to become self – reliant, socially and economically through maximum integration of their knowledge, skill and optimum utilization of available resources.
- Promotion of sustainable development activities through integrated approach.

Guiding Principles

The organization follows the set of core principles in the working arena, some of them are: -

Equity, Justice, Peace, Fraternity and Secularism

- SUPPORT believes in collective wisdom of people of the area which comes up with best solutions. The organization primarily works to increase the role of Panchayati Raj Institutions by empowering their skills and capacity building.
- SUPPORT nurtures potentials and enhance capabilities of local communities for self- sustainable livelihood options.
- SUPPORT is working with the poor, deprived & needy population and reaching 09 districts of Jharkhand.
- SUPPORT initiates to build a well-defined structure based on the local conditions and prepare themselves to overcome various challenges and build up local initiatives to promote fraternity and ethical values for well developed society.

OUTREACH OF PROGRAM AND ACTIVITIES CARRIED OUT DURING THE YEAR, 01ST APRIL 2017 – 31ST MARCH 2018

INSTITUTIONAL DEVELOPMENT

For the development of institution, the organization works on various perspectives to uplift the standard of villages and promote rural development.

WOMEN SELF HELP GROUPs

Meeting With SHG Didi
panchayat - Karma North

SUPPORT has ever played an active role in promoting "Women Empowerment" in the state of Jharkhand. With close consultation and partnership of several dynamic non-governmental organizations in four districts namely Hazaribagh, Ramgarh, Giridih and Bokaro, is working towards empowering women and has been successful to organize 8669 active WSHGs in the last reporting year 2018. SHGs have been linked with local service banks and successfully opening income generating ventures in their villages, based on their interests. SUPPORT is working as an ANCHOR NGO for 3 districts namely Hazaribagh, Bokaro, and Giridih with NABARD.

STATUS OF WSHG' S AS ON 31ST MARCH 2018

S.NO	INDICATORS	STATUS IN 2018
1	Total WSHGs	9781
2	Total members	123243
3	Total group savings	113994058
4	Total loan transactions	929868435
5	Average amount of loan per women	7870
6	Average interest rate during inter loaning	2-3%

Geeta Devi: Enlightening the Candle

Geeta Devi, a team leader, an active woman and an inspiring personality is the member of SUPPORT from last 15 years. This 15 years of working experience, training and skill development has built her as empowered women and is becoming motivation for other women. She was one among those women who came to the shadow for the opportunities related to economic development. SUPPORT helped her in developing her skills on the model of SHG. She is an active leader of Jagriti Mahila Vikas Sangh, under her leadership the economic and social status of women has been enhanced. Now all 20 women are engaged in different activities of agriculture, Lac cultivation, potato and tomato value chain 'Package of Practices', Poultry, Mini dairy.

FORMATION OF VILLAGE ORGANISATION

The Village Organization (VOs) is the independent institution formed by combining Self Help Groups which are operational in respective areas to support the local self-governance and community development activities. The PRI's, SHG's and local farmers are the key members of Village Organization.

The prime objective of constituting V.O.'s is to build the capacity on various issues related to skill development, financial arrangement and initiating income generating activities in their respective villages. 50 VOs have been formed during last reporting year.

Hon. CM of Jharkhand Shri Raghubar Das & Shri S. Mandal, CGM NABARD on the eve of Launch event E-SHAKTI portal and providing Smartphone to our Animator Smt. Veena Kumari

SHG FEDERATION

Constitution of federation came into existence through number of dynamic SHGs in project block of Churchu. Presently 2 federations are mobilized and nurtured and named as 1st- Churchu Nari Urja FPC and 2nd - Mandu Mahila Vikash Mahasangh.

Churchu Nari Urja Mahasangh (The Federation) was constituted on 8th March 2016 under society registration act 21, 1860 and since its inception is working towards the holistic development of women in Churchu block and adjoining areas of Hazaribagh district. The Sangh is consisted of 282 SHG's, covering 3500 women members of 36 different villages in Churchu block of Hazaribagh.

Mandu Mahila Vikash Mahasangh was constituted in the year 2018 at Mandu, Ramgarh under MKSP. The total member consists of 3000 women farmers comprising of 257 SHGs. At present the federation is new and taking up lead role in agriculture promotion and livelihood generation.

Mahila Kisan Sammelan at Mandu, Ramgarh

Farmers Producers Organizations (FPO)

The agriculture sector, which employ more than 50% of the total workforce in India and contributes merely around 17-18% to the GDP of the country. Nothing surprising, the agriculture sector is very challenging in India, and farmer often face various problem viz. vagary of monsoon, unemployment, high input cost of agriculture goods, less market price of agricultural commodities, lack of timely credit support, lack of market access for better price, lack of value addition of agricultural goods, lack of skill, quality control, constraints in access to the technologies, storage, lack of collaborations, shrinking land holding due to increase in population, and so on.

Above said are the very common problem in the agriculture sector and these are even more problematic for the small and marginal farmer. Since there are various challenges in the agriculture sector, the proven answer to them is 'Collective Action'. So, there is the farmer's producer organization (FPO).

Therefore, SUPPORT in association with NABRAD has taken its proactive initiatives to help and strengthen small and marginal farmer in Ramgarh, Hazaribag, and Bokaro districts by promoting 4 FPOs. All the 4 FPOs are sponsored by NABARD; the details of the FPOs are given below:

Basic details of the FPOs

Sl. No.	Name of the FPO	Address:	Legal Status	Reg. Number	Type of Activities	No. Of member	No. Of Shareholder
1	Chanaro Phal-Sabji Pvt. Ltd	Charhi, Hazaribagh	Register under company act	U01100JH2016-PTC009369	Fruits & vegetable	500	210

4	Jharkhand Vikas Prathmik Lah Utpadak Sahyog Samiti Ltd.	Simra, Mandu, Ramgarh	Registered under the Cooperative Act.	10Hazarib-ag/19-08-2016	Lah, Poultry & Agriculture	710	702

No. of the total beneficiaries (category wise) via FPOs :

Sl. No.	District	Block	Category wise beneficiaries			Male	Female	Total
			ST/SC	OBC	Gen			
1	Hazaribag	Churchu	438	12	0	432	18	540
2	Hazaribag	Dadi	286	204	10	115	385	500
3	Ramgarh	Mandu	210	492	0	96	606	702
4	Bokaro	Jaridih	293	50	0	272	71	343

Top left: farming advancement (for brinjal, tomato, and chili cultivation) by Chanaro FPO; top right: Exposure visit for Chanaro FPO members to HARP, Ranchi. Bottom left: Fisheries by Dadi FPO, Bottom right: Lac processing machine run by member of Mandu, FPO.

A. Major activities conducted from April 2017 to March 2018:

1. Got fingerlings and net from fishery department.
2. Participate in buyer-seller meet organized by NABARD at BAU, Ranchi
3. Participate on 2 days residential training of CEOs on Capacity Building at Ranchi, conducted by NABARD.
4. Done collective marketing of fruits (mango & guava) by FPO members.
5. Exposure visit to Dadi FPO members (Andhra Pradesh) on Strategy and Plan taken during marketing of fish.
6. Quarterly PMIC (Project Monitoring Implement Committee) meeting of FPOs are conducted by DDM, NABARD.
7. Board meeting of each FPO held at monthly basis.

B. Major achievements from April 2017 to March 2018:

1. 21 FPO members got certificate from Fishery department, Hazaribagh
2. Brood lac distribution among villagers of Beldih panchayat, Jaridih, Bokaro convergence with KVK (Krishi Vigyan Kendra).

“FPO an Opening door to Giridhari Mahto”

This story explores the beneficiary Giridhari Mahto who changed his life after getting the training on fishery management through FPO. He got the membership of “Sanyukt Gramin Matsyajivi Swavalambi Sahkari Samiti, Dadi” and started his business along with another stakeholder of FPO. After getting multiple training and basic materials for fishery from SUPPORT he started doing fishery in his small pond. After a span of 40 days he got the positive output and started selling the fish in stock which has yielded him enough income to manage the 10 family members of his family. Now he is continuously engaged in it and becoming the motivation for other villagers.

Natural Resource Management

IWMP-PMKSY

Year 2012 onwards, SUPPORT has been continued intensively through Integrated Watershed Management Program (IWMP). The project is getting implemented in Barkatha block of Hazaribagh district in 4990 Ha area covering 35 villages. The program is supported by Jharkhand State Watershed Mission (JSWM) with the objective of:

- Check the run-off water and increase ground water table.
- Stop soil erosion as it will help farmers to safe their farms and increase their crop productivity.
- Increase irrigation facility for farmers and train them proper way of irrigation and cropping techniques.
- Increase income of landless farmers through livelihood activities of the project.
- To enhance enough awareness through the capacity building program, that helps villagers to development of villages.

No. of beneficiaries: 5166

Type of beneficiaries:

- Small farmers
- Marginal farmers
- Landless farmers
- BPL households

Duration of project: 5 years

Case Study

This is successful story of Jogeshwar Pandey who is one of the key beneficiaries of IWMP project running in Barkatha, Hazaribagh. He engaged himself in (EPA) Entry Point Activity and took active efforts to convert 3 hectares of barren land into cultivable land. Now this area is full of greenery and is providing ample opportunity to him to generate more and more income. This has also reduced seasonal migration and started producing range of various crops in his field. He whole heartedly thanks the SUPPORT for the initiatives which has builded a platform for him.

Climate Proofing of Chumba Nala Watershed

To reduce the impact of climate change on climate-sensitive livelihoods in the watershed, NABARD funded 'Climate Proofing of Chumba Nala Watershed' in Mandu block of Ramgarh district within objective of:

- Building climate resilience of communities in the watershed area
- Improving on all indices of vulnerability for the proposed watershed
- Improving land use pattern and increasing productivity of land and water resources
- Working on mainstreaming of communities by creating assets for increasing risk bearing capacity
- Overall reduction in emission from the watershed area

The project is operational with SC & ST communities in 4 villages of Mandu block, Ramgarh district benefiting 376 small and marginal farmers. The duration of the project is 4 years.

Major activities conducted:

- Compost pits – 57
- Cultivation of climate resilient crops – Maize, Paddy with SRI, Millets, Pigeon pea
- Trainings for farmers-2
- Meeting with 12 SHGs

Major impact of the program:

- Increased awareness about the climate change and ways and means to adapt and mitigate it
- Despite of less rainfall production of Paddy has been stabilized
- Per unit more crops due to mixed cropping

Outcomes of the program:

- Promotion of vermi compost and NADEP compost has led to low consumption of chemical fertilizers, vermi compost- 16 unit made, NADEP- 40 unit made
- Shifting from coal mining to agriculture practice
- Crop intensity has gone high almost doubled
- Farmers started believing in collectivization and collective marketing
- Increase in income from Rs. 2500 to Rs. 4000 per month in four years on an average, approximately 37 farmers are earning close to Rs. 2,50,000/year by selling vegetables
- Promoted 53 SHGs, 17 User groups and 3 farmers club in the project area
- Assured irrigation in 135 ha
- Access to safe drinking water for each family
- Reduced use of fertilizers and pesticides
- MKSP, NRLM and MGNREGA-CFT Convergence
- ATMA- 26 drip (25 dec. model), 45 pumps (3 hp kerosene/ 2hp electric pump set with pipe set)
- MGNREGA- 18 dobha, 5 pond, 6 moram road, 112 well
- Dep. Of Land and Water Development- 52 dobha, 20 check dam
- District council- 13 PCC
- Digitization- Every SHG in the watershed area has been covered in digitization programme
- SWSM, Jharkhand- 1056 sanitary toilet, 14 sock pit, 3 water towers (covering 1560 families)
- Health Dep.- 2 Health sub centre have Been Established

Koh Micro Watershed

Koh micro watershed project is funded by NABARD and implemented in 3 villages of Petarwar block, Bokaro district, Jharkhand. The project aims to improve in agriculture, livelihood and existing level of groundwater in the area. Mainly, to benefit the community by creating opportunities locally for better income generation. The goal of the project was to achieve more than 70% irrigation area and make a regular source of income for more than 400 families.

The major impact of the programme reflected in a change in the lifestyle and awareness level of the beneficiaries. They started for demanding for job card and employment under MNREGA for example.

GM NABARD & DDM, NABARD Bokaro, CEO SUPPORT, & DPM SUPPORT, Bokaro during inauguration eve of KOH watershed

- Total Project Beneficiaries: 576HHs, 2303 People
- Categories of beneficiaries: 335 ST, 35 SC, and 206 OBC
- Project Duration: 3 years and 6 months
- No. Of village meeting conducted: 20
- No, of males received job card: 100
- No. Of female received job card: 50
- No. Of males engaged in work under MGNREGA: 60
- No. Of females engaged in work under MGNREGA: 40

Pond Construction under NABARD-KOH Watershed, Petarwar, Bokaro

Cluster Facilitation Team (CFT), MGNREGA - NRLM, A Convergence Strategy Program supported by MoRD - GoI and RDD, GoJ

The CFT project is aimed for the MGNREGA workers and it is funded by MoRD and RDD, GoJ Jharkhand for the project period of 3 years.

SUPPORT is implementing CFT project in 5 Community Development Blocks namely Mandu, Dadi, Churchu, Domchanch and Satgawan from 3 districts namely, Hazaribagh, Ramgarh and Koderma, covering 365 villages consisting of 90-Gram panchayats. Our team members have been successfully facilitating MGNREGA functionaries to implement various schemes in all 3 districts. The details are furnished as under. Quality assessment to MGNREGA is regularly maintained by CFT team

Major activities conducted from April 2017 to March 2018:

- Celebrated Rojgar Diwas- 4575
- Mate Refresher Training-23
- Block Coordination Committee Meeting-279
- Giving Training to BDO, BPO, JE, GRS & Mate about Mango Plantation-8
- Total Mango plantation by CFT- 36.15 Acre
- MGNREGA Awareness Rally-5
- Labour Group Meeting-1760
- Meeting With SHG/VO-6423
- Meeting with PRI Members & Share 2B report-929
- Attended Gram Sabha-310
- MIS Training to Block Staff- 04

CFT: A PLATFORM OF TRANSFORMATION FOR MEENA DEVI

Meena Devi, a CFT project beneficiary, for whom the construction of well via CFT initiatives has played a very significant role. Her family was totally dependent on agriculture but sometimes scarcity of water resources does not allow her to cultivate the crops timely. As a result of which she has to face financial crisis and unable to send her children to school. CFT has proposed well construction in her village where she indulged herself in the well construction and earned a daily income. More than this, the problem of water shortage was curbed and cultivation of crops in her field went on smoothly. Now she is leading a happy life, and whole heartedly thanks, the Government and their SUPPORT for her positive transformation.

Irrigation And Sustainable Agriculture

The Government of India, Ministry of Tribal Affairs has launched Sustainable Agriculture & Irrigation for the welfare of the Tribal communities. It aims on creating an enabling environment for need-based and outcome-oriented holistic development of the tribal people. The project is funded by Integrated Tribal Development Agency, Khunti and getting implemented in 2 villages of Murhu block Khunti. Total 30 farmers have been benefited through this project.

Distribution of seeds and equipment's under sustainable agriculture and irrigation at village respectively, Kundibartoli and Siyankal village, Murhu block

Core objective of the project are:

- Creation of water resource source construction of HYDT bore well (6 units)
- Sprinkler irrigation system in 1 Hec area (6 units)
- Distribution of cash crop seeds, fertilizer, insecticide(30 Farmers)
- Weeder support to farmers, sprayer 16 liter, cono weeder, iron hal, paddy thresher(foot), Paddy Wind Fan (30 Farmers)
- Development of small poly house (2unit)

Major activities during the year:

- 3 days Training to community on improved crop cultivation in Kharif season
- 2 days gender training to active farmers
- 2 days training to community farmers on NTFP
- Training to 50 farmers and PRI members in convergence
- Exposure visit of 60 NTFP farmers
- Training for dev.of vermi compost and organic farming

Vanbandhu Kalyan Yojana

The Government of India, Ministry of Tribal Affairs has launched Vanbandhu Kalyan Yojana (VKY) for the welfare of Tribals. VKY aims at creating an enabling environment for need-based and outcome-oriented holistic development of the tribal. This process envisages ensuring that all the intended benefits of goods and services under various programs/schemes of Central as well as State Governments actually reach the target groups by the convergence of resources through the appropriate institutional mechanism. It covers all tribal people and all areas with tribal population across the country.

Medical camp under Vanbandhu Kalyan Yojana at Korwa village, Arki, Khunti

The project is getting implemented by SUPPORT in Korwa villages, Arki Block, Khunti with 158 HHs. The project is funded by Integrated Tribal Development Agency, Khunti.

Major activities conducted during last financial year 2017-18:

SL. No.	Activities	SL. No.	Activities
A.	Livestock management training for 5 days	I.	Health insurance below 60 years- 316
B.	Improved agriculture orientation training conducted for 3 days	J.	Health check-up camp- 158 HHs
C.	Education based training of teaching staff for 3 days	K.	Promotion of fishery- 12
D.	Remedial coaching centre for 8th to 10th class students- 34	L.	Establishment of piggery unit- 6
E.	Remedial coaching centre for drop out boys and girls- 74	M.	Establishment of poultry unit- 20
F.	Adult literacy centre- 46	N.	Establishment of duckery unit- 36
G.	Exposure visit of school going children	O.	Promotion of Lac Cultivation- 30
H.	Promotion of kitchen garden	P.	Promotion and strengthening SHGs- 10 SHGs

Jharkhand Tribal Livelihood Empowerment Project (JTLEP)

The Jharkhand Tribal Empowerment and Livelihood Project (JTLEP) is funded by International Fund For Agriculture Development (IFAD) and is implemented through Jharkhand Tribal Development Society (JTDS). The core purpose of JTLEP is removing rural poverty and to improve the living conditions of tribal people in general and PTGs in particular. This is sought to be achieved by "organising and enabling" communities to adopt sustainable and productive natural resource management regimes, adopt market-oriented production systems and learn the skills and gain the experience of planning and implementing development plans relevant to their villages.

BASIC INFO:

- Area of operation: Dumka district, Masalia block,
- 5 panchayat and 60 villages
- Duration of project: April 2015 to 2021
- No. of beneficiaries: 6346 House Hold and total population 23854
- Type of beneficiaries: ST & PTGS

Major activities conducted:

1. SHG Formation: 210
2. SHG A/C opened: 178
3. Total Youth Group – 21
4. Youth Group A/C opened: 19
5. Seed Money provided to SHG – 102 SHGs
6. Total PTG SHG formed – 20 and money for seed provided to all

7. Total Barbatti Cultivation by PTG family – 108 Families
8. Total SRI (Paddy) Cultivation :625 farmers in 18 Villages
9. Total Nutrition Garden – 1500 farmers in 19 Villages
10. Total Vegetable Cluster – 230 farmers in 5 Villages.
11. Goat shed construction- 156
12. 450 goats distributed to 75 families
13. 60 pig shade constructed
14. 288 pig distributed to 48 families
15. Fingerlings provided to 65 families
16. Farmers Service Centre established in Kolarkonda village, Masalia block
17. 201 PTG families received solar Lamps
18. Progressive farmers were taken for exposure visit to RK Mission, Ranchi

The major impact of the program:

1. Good food habits are developing among the beneficiaries due to the availability of vegetables grown such as in nutrition garden and vegetable cluster.
2. Incomes of HHs are increasing by the means of goat rearing and pigs rearing and selling of vegetables as well
3. Fish rearing also contributed significantly income of the fish rearer
4. Application of SRI (Line sowing) method improved agricultural yield
5. Availability of Irrigation facilities as a result of construction of ponds
6. Increase in income of SHGs and YGs through utilization of Seed Money
7. Besides the above benefits, there is also an improvement in goat breeding
8. Awareness developed among SHG, YG and farmers

Mahila Kisan Shashaktikaran Pariyojana

Under Mahila Kisan Shashaktikaran Pariyojana (MKSP), SUPPORT is implementing the project titled "Resource Development & Farm Skill upgradation of Women SHG members for enhanced Livelihood security & Economic wellbeing" in Mandu block of Ramgarh district, Jharkhand, targeting 3000 Small & Marginal women farmers as the project beneficiaries. The project is funded by MoRD, GoI and JSLPS (GoJ).

The project is operational in 50 villages, covering 24 panchayats in Mandu block of Ramgarh district.

Major impact of the programme in the working area:

- Enhancement in household income of 80% of women farmers by Rs. 25,000 – 30,000 per farmers per annum by 3rd year onward
- Around 750 acres of additional land (fallow or through 2nd cropping) brought under cultivation
- Cropping intensity/gross cropped area increased by 30% above and over baseline

SRI – A boon to crop production

This is one of the successful case study of MKSP (Mahila Kisan Shashaktikaran Pariyojana) representing Somri Devi, District- Ramgarh having 6 family members in her family. She practised SRI in 40 dec. of land and the rate of productivity has sharply increased. Now she is able to fetch her family members for entire year. This also helped Somri Devi to send her children to school and give them a quality education. She admires SUPPORT from the core of her heart and added that it has changed her life. Now she is becoming motivation for the other women in her village.

Major achievements during April 2017 to March 2018:

- Formation of Annapurna Model – 21
- Formation of Nutrition Garden – 512
- Formation of 36 x 36 Model – 218
- Coverage of Potato Value chain – 1700 farmers
- Coverage of Pigeon Pea (Arhar) – 1500 farmers
- Establishment of Dal Mill Processing unit at Jobla, Mandu – 1

Major activities conducted under MKSP from April 2017 to March 2018:

- Use of social capital of community-based institutions by strengthening of CBOs (SHG/VO/Federation); Nurturing of Federation -25 CRPs, 5 PRPs, 257 SHGs, 12 VOs, 1 Federation
- Development of community level Farmers Field School (FFS) as demonstration cum practical learning platform- 3
- Extensive convergence and linkages with PRIs and government programmes specifically MGNREGA
- Strengthening market linkage for marketing of inputs and agricultural produce- Chili flakes, Powder, Unpolished Arhar
- Promoting livestock production, processing of NTFP and value addition & agro-processing unit- Backyard Poultry(BYP), Piggery, Goatery, Lac

- Productivity of major crop increased by 30%
- Production and use of quality compost increases by 50%
- Around 80% women farmers start using bio-fertilizers and microbial agents in cultivation
- Adoption of improved & sustainable farming practices by more than 60% of women farmers
- At least 60% of women farmers adopt drudgery reduction tools and techniques
- Around 20% higher price realization for agriculture produce cultivated through NPM practice
- Establishment of community managed agriculture extension system comprising well trained 5 para-professionals and 25CRPs.
- Development of 5 Producers' Groups(PG)
- Around 30% enhancement of participation of women in gramshabha and PRI
- Around 20% women farmers adopt integrated farming system for better utilization of resources

Chilly Value Chain Intervention at Bongawaar, Mandu, Ramgarh

Pigeon Pea Production unit at Jobla, Mandu, Hazaribag

Promotion of Rural Livelihood Option through Project Implementation Plan (PIP)

In joint collaboration of CInI-Tata Trusts and SUPPORT is implementing five years Mission program 'Mission 2020' Lakhpati Kissan Smart Village to bring irreversible change in the lives of 3500 HHs in Churchu Block of Hazaribagh district in the Jharkhand State for regional growth while transforming quality of life. Over the five years, the households' income is expected to increase three times (Rs.120000) and they will be part of vibrant self-reliant community institutions. This initiative is expected to develop this region as a driver for growth in adjoining areas. Key principles and objectives of the project are:

Key Principles

- Focus on irreversibility of the impact, with increased resilience of the communities.
- SHG federation and secondary tiers spearheading the development processes in the area.
- Develop and strengthen community-based institutions including PRI members/Gram Sabha and enterprises.
- Market Oriented Intervention.
- Demand Led intervention.
- Innovation – not stereotyped.
- Convergent multi-sectoral plans addressing quality of life.
- Leverage of Trust investments for channelizing other source contribution
- Scale of Significance and saturation approach.

The objectives of the project are:

- To sustainable and irreversible improvement in agriculture production and income generation of 3500 HH in 36 villages.
- To create and strengthen people institutions (SHGs, Village Organization (VO) & FPO to sustainably promote, support and manage land, water and agriculture development in the project area.
- Comprehensive conservation measures leads to sustainable land & water management, improved livelihoods and significantly contributes to draught mitigation.
- Promotion of on farm and off farm income generation activities for livelihood support and drudgery reduction for asset less and the women.

The PIP project is getting implemented in Churchu block of Hazaribag district covering 36 villages from 8 panchayats. In the given project area 26 village organizations has been established, 53 producers' group and 281 SHGs have been already promoted. The total project beneficiaries are 3500 HHs from SC, ST and OBC communities.

Fishery promotion under PIP project

Exposure cum training program on livestock

A farmer in her tomato farm

Meeting of SHG members

Selling the vegetables by Individual SHG member at Charhi Market

Major impact of the program in the working area:

- I. Demand led and door steps service delivery system by the rural entrepreneurs
- II. 1230 lakh pati kisan established and improved their life style.
- III. Improved food habits and entertainment.
- IV. Adapting new technology on income generating activity
- V. Didis are Utilizing smart phone and Scotty (increasing assets)
- VI. Community institution working and resulting to the growth of the block
- VII. Children of beneficiaries are going to private school for better education.
- VIII. Behavioral transformation on development issues such as sanitation, vaccination and others
- IX. Gender impartiality.
- X. Maximum didis have own savings bank accounts and savings
- XI. Didis are empowering (women empowerment) like they are able to deal with banks, blocks and others stakeholders.

Mrs Parwati Murmu, a beneficiary of Lakhpati Kisan Pariyojna, belongs to a poor joint-family having only 50 decimals of land Where the majority of the area was barren. As consequence, the actual area left for cultivation area was approx. 20 decimals. This yield from the small piece of land was not enough for her family to have two square meals a day.

In the year 2015 PIP program reached her village. Initially, she was included to the PIP Self-help Group and started regular saving. In addition, the project staff (Agri, LRP) visited them on a regular basis to promote different vegetable crops with technical support.

As a result of which Parwati Murmu started Green pea cultivation with high-value agriculture techniques and she was the pioneer for such cultivation in Lara village, Churchu. Last year she earned Rs.45,000 from vegetable cultivation. She also got an opportunity to promote livestock through PIP project and she sold one Pig and four piglets through which she earned Rs.16000. At present, she is fostering 5 goats, 2 Buffalo, 3 Pigs and 3 piglets.

Now a days she is living a happier life and she gave testimony that the PIP program brought a huge transformation in her life.

Horticulture Development through Tribal Development Fund (TDF)- WADI

TDF Wadi project, Churchu

Shri Prem Prakash Singh, DDM NABARD during VPC meeting at Churhu

Miss Nitu Singh, BDO, Churchu during a visit to TDF-Wadi project Churchu

Shri DK Arun, Wadi Project Coordinator, SUPPORT during his field visit at Churchu

SUPPORT is implementing WADI project in 02 blocks namely Jaridih in Bokaro and Churchu in Hazaribagh district Jharkhand.

1000 tribal (farmers) families and 100 landless families are included in wadi project in Jaridih, Bokaro, and also 1000 tribal (farmers) families and 100 landless families are included in wadi project in Churchu, Hazaribagh.

Mango, Guava, Perennials - creepers vegetables & spices are produced under traditional tribal livelihood system called mixed WADI in project blocks. The farmers now become skilled to initiate various activities alone like growth of orchard, fencing, maintenance, marketing of products and its preservation for value added income.

Table 1: TDF Wadi Jaridih, Bokaro

Major activities conducted from April 2017 to March 2018:

- Horticulture development- 874 acres.
- Soil conservation Development- 335 acres
- Water Resource Development- 535 acres.
- Promotion of Self-Help Groups- 22
- Promotion of Farmers Producer Organization- 01

Major achievements during April 2017 to March 2018:

- Farmers involved- 1095
- Mango plantation- 67500
- Guava plantation- 38500
- Border Plants Timber- 57600
- Border Plants Shrub- 42573
- Piggery for landless families - 10

Table 2: Churchu TDF Wadi I & II:

Major activities conducted from April 2017 to March 2018:

- Horticulture development- 612 acres.
- Soil conservation Development- 336 acres
- Water Resource Development- 278 acres.
- Promotion of Farmers Producer Organization- 01

Major achievements during April 2017 to March 2018:

- Farmers involved- 1100
- Mango plantation- 612 Acre
- Guava plantation- 612 Acre
- Border Plants Timber-
- Border Plants Shrub- 42336
- Total area covered- 1000 Acre

TREES: A LIFELINE FOR BASANTI DEVI

Basanti Devi from Kanabandh, Churchu is a widow mother of two children. She has a small piece of land to cultivate vegetables but that was not sufficient to earn her livelihood. SUPPORT with the help of NABARD continuously visited their WSHGs, VPCs and community at a large and motivated the people to promote horticulture and HVA. They conducted trainings and continuous discussions with different stakeholders. This inspired Basanti Devi to cultivate mango plants in her barren field and she also enrolled her son in it. Now she is getting good income through mango cultivation. She thanks SUPPORT for it and said that she is experiencing an unimaginable reality.

Livestock development

SUPPORT is contributing to livelihood development through various projects such as MKSP, PIP, NABARD livestock development, and Wadi.

Left to right: Livestock insurance and training on livestock rearing

In PIP Project, through livestock management marginalized farmers are enhancing their socio-economic status, during the last financial year; farmers have sold pig and piglets which contributed to their annual income significantly. The details are given below:

Pig rearing activities under PIP project

SI No	LSP	Area	No of Pig and Piglet Sold
1	Sughan Lal	Chanaro	85
2	Hiralal Hansda	Gondwar, Lothe and Potmo	41
3	Sahil Besra	Churchu, Bali, Bodra and Lasor	52
4	Parasnath	Dasokhap Sarbaha	97
Total			275

Project wise details of livestock promotion:

PIP Project		
1.	Training on management	56 farmers from 8 villages
2.	Goat survey completed for	918 families
MKSP		
1.	Backyard Poultry	1100 HHs
2.	Piggery	650 HHs
3.	Goatery	221 HHs
TDF Wadi project Curchu I & II		
1.	Livestock development beneficiaries	100 farmers
TDF Wadi Bokaro		
1.	Livestock development beneficiaries	40 beneficiaries are engaged in pig rearing, 20 benefitted with backyard poultry, and 20 benefitted with duck rearing

Sanitation and Hygiene

WATSAN

The project "Access to safe drinking water and sanitation for 600 households in Churchu block, Hazaribagh district (WATSAN)" funded by CINI-Tata Trusts is implemented by SUPPORT at Churchu, Hazaribagh, Jharkhand. The purpose of the project is to enforce behavioral change practices towards the use of toilets and safe drinking water for the habitations.

Major impact the programme:

- Usability of toilets raised to 71% from 40%
- Access of safe drinking water through water filters across 600 HH
- Construction of soak-pits ease out community drain problem
- BCC helped in behavioral change aspect towards use of toilets
- In Schools, WASH programmes raised awareness level among students for hand-wash and safe drinking water

Major achievements:

- No. of habitation covered: 600 HH
- No. of Village level committees formed: 12
- No. of BCC campaigns done on safe water handling and storage: 12
- No. of Water quality trainings conducted: 05
- No. of Point of use purification systems provided: 10
- Demand Generation and Triggering activities at Hamlet Level: 12
- Construction soak pits: 20
- Construction of hand-wash station: 10
- WASH in Schools : 10

The major activities conducted under the project are:

- BCC (Behavioral Change Campaign) was organized in 12 villages of Churchu block of Hazaribagh district, Jharkhand. Campaigns were conducted for 12 days to cover 12 villages. Total 2513 students and 2702 community participated in it.
- Solid and liquid waste management: through the construction of soak-pits in the region, running water supply in schools, establishment of the hand-wash unit station, and safe drinking water through the household level solution.
- 20 soak pits were constructed across 11 villages of Churchu block of Hazaribagh district, Jharkhand

Water filter distribution for school and Inauguration of School toilet in Churchu

This case study explores about Budhan Hansda, a resident of Chanaro under Chanaro Gram Panchayat Hazaribagh. His toilet was in difunctional condition. He used it as a store room for keeping fuels in it. After a while he came into contact with the Staff of SUPPORT. They discussed about the issues related to sanitation, public health, impact of open defecation to child and mother's health. After that with the intervention of WATSAN team, the rigorous team efforts, back-to-back meetings and discussion, huge motivational spirit has brought a significant change in the life of people like Budhan Hansda. Now Budhan and his family have started using their toilets on regular basis and are safe from various ill-effects. WATSAN has proven its utility and has reinforce the people to use hygienic way of living and promoting the use of toilets.

Livelihood Enterprise Development Program (LEDP)

With the grant assistance from NABARD, SUPPORT is implementing Livelihood and Enterprise Development Program (LEDP), in two project area: 1) Mandu, Ramgarh District and 2) Dadi, Hazaribag District.

The objective of the program is to create the sustainable livelihood amongst Self Help Group (SHG) members, by giving them, valuable training on major livelihood activities and to set-up a demonstration plot there by one of the active farmers and adding value on their produce too.

During the project period of 15 months, the program covered 300 members from 60 SHG combining both the project district.

Major impact of the program in the working area:

- 130 members out of 300, went ahead for chilly cultivation
- Geeta Devi(farmer) prepared a demonstration plot of chilly cultivation that covered 1-acre area.
- An overall increase in the technical skills of the member like awareness about soil health, the variety of seeds, duration of crop etc.

Major activities conducted:

- A baseline survey was conducted to figure out engagement in the agricultural crop of most of the SHG members.
- Prepared a survey list for interested SHGs and its members for this program.
- Exposure visit was organized for all the interested SHG members.
- A 7-days, classroom training was conducted for 150 members with proper module follow-ups.
- Creation of demonstration field by CRP (Community Resource Person) or active farmers in project areas.
- Time to time refreshment training was organized
- Regular follow-up with trainees and motivates to do cluster farming as an enterprise basis.
- Agri expert and scientist from KVK, Hazaribagh visited for technical training and support

Training on Chilli Cultivation and field level implementation

Table: Status of LEDP Program

Sl. No.	District	Block	Theme	Duration	No. of SHG	Total Members
1.	Ramgarh	Mandu	Chilly cultivation and processing	15 months	30	150
2.	Hazaribag	Dadi	Lac cultivation and processing	15 months	30	150

Skill Development

Jharkhand State Tribal Cooperative Development Corporation (JSTCDC) sanctioned a project to SUPPORT to empower 250 farmers by giving them skill training for the self-employment. The main objective of JSTCDC Mushroom project was to encourage the farmers to take up Mushroom Cultivation as an enterprise through the adoption of Scientific Mushroom Cultivation. Under the project 250 farmers from Hazaribagh and Ramgarh district received training.

SUPPORT helped in training, placement and self-employment of the farmers. The training module was for 30 days. It was residential and all the cost for training, lodging and boarding was borne by the organization.

Knowledge & Research

Conduction of Social Impact Assessment, SIA

Figure 2: Conducting SIA at Katkamsandi and Baheri

Social Impact Assessment (SIA) presents an important opportunity to draw cross-cultural encounters arising from project-based development efforts into wider procedures of engagement and negotiation that might address the imbalance in relationships between local communities, project proponents and states.

SUPPORT has successfully completed "Conduction of Social Impact Assessment, SIA" at Hazaribagh, Koderma and Garwah districts Jharkhand. The social impact assessment project was funded by Department of Land Reforms, Acquisition and Rehabilitation, Hazaribagh, Garwha, and Koderma.

The Social Impact Assessment conducted due to road & canal constructions and further need for land acquisition. In the land acquisition process, the effect on the community is inevitable. Therefore, to manage the expected issues SIA was conducted. The SIA was done for road construction of: Jhumra to Ichack, Ichak to Barkatha to NH33 Surajkund, from St. Columbus college Hazaribag to Hatyari more, Hazaribag ring road, and Itkhor to Garupurha.

In Garhwa, SIA was done for Raniya to Ranka road and Chiniya road. In Koderma, SIA was conducted for Pachkero Jalasay Yojna (canal construction between 5 villages) and for Korwa bypass Road.

Financial Inclusion

Program for children and for adolescent

"SAPNA BACHAT UDAAN" (a programme of SESAME STREET & METLIFE FOUNDATION for children in the name of **"GALLI GALLI SIM SIM"**)

"DREAM BRINGS POWER OF DECISION MAKING TO GET IN TRUE" SUPPORT is implementing the programme in 4 districts of JHARKHAND i.e. Hazaribag, Giridih, Ramgarh and Bokaro.

Every child has a dream and he/she want to get it. It would be in terms of getting an object, social, educational and so on. He/she often does express his/her dreams before the parents and either being assured in true or false or gets a denial due to poverty.

As we know that even the children from rich families are not participating in the expenditure planning of the family. Then how can be it done in the poorer?

But it must be done. Children are now can suggest in managing domestic planning in an apposite manner. We only have to provide the expression facility and procedure of getting things/services from the market. They know the importance of saving and sharing of money, things, services and time.

With these four objectives **"saving and sharing of money, things, services and time"** we worked with 44473 children, besides project goal was to reach approx. 40,000 (Forty thousand) children of approx. 4,000 (Four thousand) WSHGs in above-stated districts.

With the use of videos and audios on tabs as provided including Floor Chart Game, comic strips, sketchbooks, plastic coins etc. are the tools through which parents and the children are being facilitated to get the dreams of the children in true manner.

This case story represents the story of 8 years old Mehrrunisa from Kurko Village Giridih district. She is a regular participant of 'SapnaBachatUdaan' program. Through this program she was convinced to start the habit of doing savings in a piggy bank. She asked parents to buy a piggy bank for her and after getting she started saving in it. She also started saving the tokens given out in the GGSS workshops and understood the importance of savings very well and motivated her friends also to do the same. Her parents thanked the team of SUPPORT for inculcating such habits in her.

Rural Entrepreneurship Development

Agriculture Entrepreneur Model Approach: Syngenta Foundation India

Agri-Entrepreneur (AE) Model is Syngenta Foundation India's (SFI's) flagship initiative. The model follows a decentralized approach in empowering young people in rural areas to play an active role in agriculture development in their region. An AE brings together services such as credit and market linkage, access to high-quality input and crop advisory for a group of farmers. The model is currently active in Dadi and Churchu block of Hazaribagh, Jharkhand. As of March 2018, the total number of AEs associated with SFI along with SUPPORT was 9, serving approximately 1,000 farmers. SUPPORT as the financial and technical partner for the program by providing timely guide (Exposure visit, meetings, Training, motivation) to the AEs as well as the farmers at village and block levels.

Broad approach for improving farmer income

SFI (Syngenta Foundation India) along with SUPPORT have developed a unique 'cluster-based' approach to agricultural extension. In Dadi and Churchu project areas of Hazaribagh district, an extension worker or agriculture entrepreneur (AE) serves a cluster of villages, with guidance from a team of experts. The extension worker holds frequent farmer meetings, and the team runs seasonally adapted training programs. Demonstrations of new techniques and products take place directly in the farmers' fields, combined with visits to particularly progressive farms. The most significant achievements, however, have come in the cultivation of high-value vegetables. By following our recommendations, farmers now earn incomes that are transforming their livelihoods.

Major services that provided to farmers by AEs are:

- Supply of agri-input.
- Knowledge sharing with farmers related to farming.
- Linkages to AEs with other institutions.
- Linking farmers to markets by AEs.
- Social and technical attachment with farmers.

Agri-Entrepreneurship Model, SUPPORT promote sustainable agriculture by helping resource-poor farmers apply improved farming technologies. Several thousand smallholders have increased their farm productivity and as a result shifted from subsistence to commercial farming. The concept of aggregation is used in MLE for purchase of agri-inputs as well as during the marketing of vegetables. Three major components in the implementation by AEs in agriculture are:

- Facilitating purchase of agri-inputs
- providing knowledge of production and marketing of vegetables
- Linking farmers to markets

LIST OF EXECUTIVE MEMBERS – SUPPORT AS ON 31ST MARCH 2018

S.No	Name and address of members	Designation	Occupation
1.	Shri Brahma Narayan Singh, Saroni Khurd, District. Hazaribagh, Jharkhand	President	Social worker
2.	Shri Bhawani Shankar Gupta, At+Po – Mandu, District Ramgarh, Jharkhand.	Secretary	Social worker
3.	Shri Sahdev Ganguly Mission Hospital Road, District – Hazaribagh, Jharkhand	Treasurer	Social worker
4.	Shri Dharendra Kumar Sinha, At+Po – Lohandi, Hazaribagh	Member	Social worker
5.	Shri Arvind Kr. Jha, Kumhartoli, Hazaribagh	Member	Social worker
6.	Smt. Anita Gupta, Canary Hill Road, Hazaribagh	Member	Social worker
7.	Shri Kuldeep Kumar At+ Po Mandu, District. Ramgarh, Jharkhand.	Member	Social worker

ADVISORY BOARD MEMBERS – SUPPORT AS ON ON 31ST MARCH 2018

Sl.No.	Name and address of members	Designation	Occupation
1.	Shri B. K Jaiswal	Forman Chairman Zila Parishad, Hazaribagh	Social Worker
2.	Sister Rosily	President, Holy Cross Institute, Hazaribagh	Social Worker

.गरगाली में स्वच्छता पखवारा का आयोजन

गरगाली को स्वच्छ बनायें : डॉ हेमंत

- दो दिवसीय केंद्रीय टीम ने लोगों को साफ रहने का पाठ पढ़ाया
- ग्रीन गरगाली बनाने का लिया संकल्प

प्रतिनिधि > मांडू

स्वच्छ भारत मिशन के तहत गरगाली में रविवार को स्वच्छता पखवारा का आयोजन किया गया। मौके पर राष्ट्रीय ग्रामीण विकास एवं पंचायती राज संस्थान, भारत सरकार की दो सदस्यीय टीम डॉ हेमंत कुमार और डॉ पी केशव राय मौजूद थे। डॉ हेमंत कुमार ने लोगों के बीच स्वच्छता का पाठ पढ़ाते हुए कहा कि हम तभी स्वस्थ रह सकते हैं, जब हम अपने घर, मकान, शौचालय, व आसपास की गंदगी को सफाई करेंगे।

देश में 30 नवंबर का चयन कर स्वच्छता पखवारा मनाया जा रहा है। इसमें मांडू प्रखंड अंतर्गत गरगाली गांव को शामिल किया गया है, उन्होंने

गरगाली के शिव मंदिर परिसर में सफाई करते अधिकारी.

ग्रामीणों से गरगाली को स्वच्छ बना कर देश में सदेश देने की बात कही। कार्यक्रम को डॉ पी केशव राय, बीडीओ मनोज कुमार गुप्ता, प्रभारी चिकित्सक पद्मिनी देवी, अशोक राम, मुखिया फूलमति देवी, सपोर्ट सचिव भुवनी शंकर गुप्ता, विश्वनाथ सोनी, सुनील खलसो, शाहिद, अनंद मति दीक्षित,

गंगा देवी, गंगा देवी ने भी अपने विचार रखे। कार्यक्रम को आयोजित बीडीओ मनोज गुप्ता ने की। संचालन सपोर्ट संस्था के रवींद्र कुमार ने किया।

प्रभातफेरी निकाल कर किया लोगों को जागरूक : गरगाली को ग्रीन गरगाली बनाने के लिए रविवार सुबह प्रभातफेरी निकाली गयी। इसमें

कार्यक्रम में शामिल बच्चे व ग्रामीण.

कस्तूरबा गांधी बालिका आवासीय विद्यालय मांडू, मवि मांडू, उर्माव गरगाली, एनडीएस इंद्राबाद, एनडीएस पंचकिशोरिया व गैटिबारी के स्कूलों बच्चे शामिल हुए। प्रभातफेरी का नेतृत्व कर रही मुखिया फूलमति देवी ने लोगों को घर, मकान व शौचालय को स्वच्छ रखने की अपील की। कार्यक्रम संचालन

पर डॉ हेमंत कुमार ने सभी को स्वच्छता के प्रति सचेत किया।

गरगाली गांव में कल सफाई अभियान : गांव में साल अलग-अलग टीम गठन कर पूरे गांव में सफाई अभियान चलाया गया। सफाई कार्यक्रम का शुभारंभ गांव के शिव मंदिर परिसर में किया गया।

रोजगार से स्वावलंबी बनेंगी महिलाएं

संस, तेलो (वेरमो) : चंद्रपुरा प्रखंड के तरंगा में शुक्रवार को नाबार्ड बोकारो एवं आदर्श ग्राम विकास सेवा समिति नावाडीह के संयुक्त तत्वावधान में महिला स्वयं सहायता समूहों को बैंक से लिंकेज करने और पदाधिकारियों का प्रशिक्षण के लिए शिविर का आयोजन किया गया।

उद्घाटन झारखंड क्षेत्रीय महाप्रबंधक शरद झा, डीजीएम पार्थो मंडल, डीडीएम अजय साहू, एलडीएम प्रनत कुमार, तरंगा मुखिया रीता देवी, आदर्श ग्राम सेवा समिति के सचिव वासुदेव शर्मा ने संयुक्त रूप से किया। कार्यक्रम में 25 स्वयं सहायता समूहों के बीच बैंक ऑफ की तेलो शाखा की ओर से ऋण का चेक वितरण किया गया। क्षेत्रीय महाप्रबंधक शरद झा ने कहा कि पूरे देश में नारी सशक्तीकरण को बढ़ावा देने के लिए नाबार्ड की ओर से कार्यक्रम किए जा रहे हैं। इसमें 90 फीसद समूह महिलाओं को जोड़ा जा रहा है। नाबार्ड 1996 से पूरे देश में कार्यक्रम चला रहा है। इसके माध्यम से महिला समूहों को बैंक से लिंकेज कर आर्थिक विकास के साथ महिलाओं

समूह की महिलाओं को चेक देते बैंक अधिकारी • जागरण

तरंगा में कार्यक्रम

- 25 स्वयं सहायता समूहों के बीच ऋण का चेक वितरण किया गया
- नाबार्ड व आदर्श ग्राम विकास सेवा समिति ने लगाया शिविर

को स्वावलंबी बनाने के लिए रोजगार से जोड़ने का काम किया जा रहा है। समूहों को कैश क्रेडिट का लाभ दिया जा रहा है। इसकी सीमा उनके बैंक खाते में प्रति वर्ष टर्न ओवर के हिसाब

से निर्धारित की जाती है। डीजीएम पार्थो मंडल ने कहा कि समूहों को समय पर ऋण वापस करने पर ऋण राशि दोगुनी कर दी जा रही है। कार्यक्रम को सफल बनाने में जिला कॉर्डिनेटर विनोद सिंह, तेलो शाखा प्रबंधक उदय कुमार, प्रवीण पांडेय, समूह की कंचन देवी, सोनी देवी, सीमा कुमारी, सुनीता कुमारी, अनीता कुमारी, संजू देवी, बसंती देवी, संगीता देवी, आरती देवी के अलावा काफी संख्या में महिलाओं ने भाग लिया।
